### Arborell

Lien : <https://arborell.com/>

Catégorie : aventures dans des livres-jeux

Arborell contient un certain nombre de livres-jeux et une collection variée de contenu associé. De nombreux titres sont actuellement disponibles et téléchargeables.

La première question à laquelle il faut répondre est : par où commencer ? Les réponses se trouvent dans le premier livre-jeu de base, Windhammer.

Ce qui le distingue de la plupart des autres séries de livres-jeux, c'est que vous pouvez non seulement influencer le destin des personnages que vous incarnez, mais aussi explorer la culture, les mythologies et l'histoire de tous les protagonistes. Les deux côtés de ce monde sont ouverts à l'exploration à l'aide de romans, de nouvelles, de recueils de récits mythologiques, de langues fantastiques entièrement fonctionnelles, de jeux de rôle sur table, de jeux de guerre et d'une multitude de courtes aventures disponibles dans de petits livres-jeux.
