Arborell

Link: <https://arborell.com/>

Categoria: Aventuri tip cărți de joc

Arborell conține un mare număr de cărți de joc și o colecție diversă de materiale conexe. Multe titluri sunt disponibile pentru a fi descărcate, iar prima întrebare la care trebuie să răspundem este: de unde să începem? Răspunsurile se găsesc în prima carte de joc, Windhammer.

Aspectul care o deosebește de alte serii de gamebook-uri este faptul că nu numai că ai ocazia să influențezi soarta caracterelor pe care le joci, dar și să explorezi cultura, mitologiile și istoriile tuturor protagoniștilor. Ambele aspecte ale acestei lumi sunt deschise explorării folosind romane, nuvele, colecții de povești mitologice, limbi fantasy complet funcționale, **RPG-uri de masa/ tabletop**, jocuri de război și o multitudine de aventuri scurte tip micro-gamebook.
